

We would like to wish the people of St Helens and all our partners a very happy and healthy Christmas and New Year.

During the last year we have seen the integration of Health and Social Care and worked closely with our public and partners in developing St Helens Cares.

We would like to personally thank everyone who has taken the time to join our discussions, either by getting involved in consultation and engagement work or attending one of our public events in 2018.

We look forward to continuing our work with you in 2019.
